TWO FILMS + DEBATE

THE GLOBAL, THE LOCAL, CHINA

TUESDAY NOVEMBER 9 • 20:30 • OVERTOOM 301

MISSION STATEMENT

Film collective KINO PRAXIS interlaces cinema and critical theory. We program socialist films from all over the globe accompanied by critical contemplations. In the spirit of Kino Pravda - with an added twist of Situationism - we herald a glorious return of the film club: the cinema experience as a social event that shapes new landscapes of possibility and resistance. Refuse spectacle, endorse critique!
